FOOD SUPPLEMENT FOR HEALTHY JOINTS WITH CURCUMA

amigo FLEX is a chondroprotector that serves to prevent or recover joint damage. It is balanced with glucosamine, chondroitin (sulfate bases), MSM, hyaluronic acid and collagen, and enriched with Omega 3, minerals, vitamins and methionine as an essential agent in protein synthesis.

BENEFITS:

- **Improves mobility and flexibility.**
- **Acts entirely on cartilage, tendons and synovial fluid.**
- **Ideal supplement in the treatment of arthritis, osteoarthrosis, hip dysplasia, or any orthopedic process.**

Delicious chewable tablets, to supply fractionated with the food or daily or give directly to the pet as a prize or candy.

Ideal for dogs of all ages, breeds and sizes.

AMIGO® FLEX contains CURCUMA, one medicinal plant with powerful proven properties:

- **Pain relief**
- **Anti-inflammatory**
- **Antioxidant**
- **Antarthritics**

Practical PET pillbox container with FLIP-TOP lid, for easy administration and preservation of its components.
